

*SCS Staff Count:
40 and growing*

SOFTWARE CONSULTING SERVICES, LLC

We aren't big, but newspaper software is all we do.

We have a love for it and the industry we serve.

They are what we think about first thing in the morning. They are the last thing we think about before going to sleep.

*For 30 years, helping newspapers has been
our passion, not just our business.*

SCS builds trusted newspaper systems.
